

Mt. McKinley in Denali National Park

# Denali Princess Wilderness Lodge®

## Comfort at the edge of an epic wilderness

The name chosen by the Native people says it all. Translating as "The Great One," Denali is at once an awe-inspiring destination, and a life-altering experience. To explore Denali National Park's six million unspoiled acres — home to a stunning array of wildlife from moose and caribou to grizzly bears and gray wolves — is to be a part of one of the world's greatest remaining natural wonders.

And our Denali Princess Wilderness Lodge® places you in the midst of it all. Located just one mile from the entrance of the park, with North America's tallest mountain — the majestic 20,320-foot Mt. McKinley — as its backdrop, this luxurious Princess outpost is the perfect base for exploring the wilderness. You'll also enjoy relaxing in the comfortable surroundings of the lodge itself, where incredible views of the park and Nenana River ensure that your extraordinary Alaska escape is complete.
